The image shows a terminal window with a dark background and green text. The window title is 'MINGW64:/d/EvidenciasParaBitacoras'. The user is at the 'main' branch. The first command is 'git status', which shows that the branch is up to date but there are untracked files. The second command is 'git add -A', which stages the new files. The third command is 'git status', which shows the files are now staged for commit. The files listed are 'GRAMAL - Semana Santa 2025.pdf', 'bitacora12.pdf', and 'subirCambiosAGitHub.docx'.
